

Lean Canvas

DIDULA CHAMARA THANAWEERA ARACHCHI

Agenda

- ▶ Value Proposition Canvas
- ▶ Lean Canvas
- ▶ Love your problem
- ▶ Desirability, Feasibility and Viability
- ▶ Customer Factory Model
- ▶ Traction Modeling

Value Proposition Canvas

- ▶ Understanding the customer, with their needs and expectations
- ▶ Developing a product in accordance with what your customer need and want
- ▶ Comparing a product, you already have with the user's need
- ▶ Finding your product-market fit
- ▶ Avoiding producing something nobody wants

Value Proposition

Customer Profile

The Business Model Canvas

Designed for: _____ Designed by: _____

Revision: _____

Key Partners Who are our Key Partners? Who are our suppliers? What key resources are we acquiring from partners? What key activities do partners perform? What key channels do partners use? What key segments do partners serve?	Key Activities What key Activities do our Key Partners support? What key Activities do our Key Partners support? What key Activities do our Key Partners support? What key Activities do our Key Partners support? What key Activities do our Key Partners support?	Value Propositions What value do we offer to the customer? What value do we offer to the customer? What value do we offer to the customer? What value do we offer to the customer? What value do we offer to the customer?	Customer Relationships What type of relationship does each of our Customer Segments expect us to establish and maintain with them? What type of relationship does each of our Customer Segments expect us to establish and maintain with them? What type of relationship does each of our Customer Segments expect us to establish and maintain with them?	Customer Segments For whom are we creating value? What are our most important customer segments? What are our most important customer segments? What are our most important customer segments? What are our most important customer segments?
Key Resources What Key Resources do our Key Partners support? What Key Resources do our Key Partners support? What Key Resources do our Key Partners support? What Key Resources do our Key Partners support? What Key Resources do our Key Partners support?		Channels Through which Channels do our Customer Segments want to be reached? How are we reaching Customer Segments? How are we reaching Customer Segments? How are we reaching Customer Segments? How are we reaching Customer Segments?		
Cost Structure What are the most important costs inherent in our business model? What are the most important costs inherent in our business model? What are the most important costs inherent in our business model? What are the most important costs inherent in our business model? What are the most important costs inherent in our business model?		Revenue Streams How do we make money from our customer segments? How do we make money from our customer segments? How do we make money from our customer segments? How do we make money from our customer segments? How do we make money from our customer segments?

BUSINESS MODEL CANVAS, WITH LEAN CANVAS MODIFICATIONS

Do you go back?

Love your problem

Google Glass Project

Google Glasses

Every time I see someone with Google glasses I'm going to go up to them and scream: "GOOGLE GLASSES: IMAGE SEARCH DIARRHEA. SAFE SEARCH: OFF! OPEN FIRST 50 RESULTS IN NEW TABS!"

I will then run off into the night...

Google Glass augmented reality computer

Google Glass, a wearable computer with a head-mounted display, has gone on sale to early adopters at a cost of \$1,500

APPLICATIONS AND USES

Google claims Glass offers many functions including mapping, recording photos and videos (with ability to stream live video of what you are looking at), internet searching, and language translation - all operated by voice command

Google Glasses

Innovation Process

Desirability, Feasibility
and Viability

Lean Canvas

PROBLEM List your customers' top 3 problems 2	SOLUTION Outline possible solution for each problem 4	UNIQUE VALUE PROPOSITION Single, clear, compelling message that turns an unaware visitor into interested prospect 3	UNFAIR ADVANTAGE Something that can't be easily copied or bought 9	CUSTOMER SEGMENTS List your target customers and users 1
EXISTING ALTERNATIVES List how these problems are solved today	KEY METRICS List key numbers telling how your business is doing today 8		CHANNELS List your path to customers	EARLY ADOPTERS List characteristics of your ideal customer
COST STRUCTURE List your fixed and variable costs 7		REVENUE STREAMS List your sources of revenue 6		

Customer Factory Model

Every business has common universal goal, making Happy Customers

Traction Modelling

The Lean Stack in 10 steps
